## 1. AIM

The Academic Excellence Scholarships are designed to:

- attract high achieving students to study at Griffith University;
- facilitate the success of high achieving students through the provision of financial and other support; and
- promote the University to the public, secondary schools and potential students as an institution that is committed to academic excellence.

## 2. ADMINISTRATION

The Senior Deputy Vice Chancellor or nominee is responsible for the administration of these scholarship schemes. Each year, the Senior Deputy Vice Chancellor reviews the outcomes from the previous year's scholarship round and the funding available for scholarships in the following year to determine the:

- student cohorts for whom scholarships will be available;

- number of each type of scholarship to be offered; and
- benefits to be associated with each type of scholarship.

Funding for the Academic Excellence Scholarships is predominantly provided through the University's budget, as approved by University Council, and through contributions from the budgets of the academic Groups. Funding from other sources, including external donors, may be allocated to the Sir Samuel Griffith Scholarship Fund.

The Senior Deputy Vice Chancellor reviews and approves annually the conditions for the Academic Excellence Scholarships, including the number available.

The Deans' Sir Samuel Griffith Scholarship and the Sir Samuel Griffith Scholarship are transferrable between Griffith programs. However, a small number of scholarships are fully funded by the four (4) Griffith Academic Groups. Recipients who are awarded a fully funded Academic Group sponsored scholarship are required to maintain continued enrolment within that Academic Group for the term of the scholarship.

### 3. ELIGIBILITY AND SELECTION CRITERIA

The general eligibility criteria for these scholarships are determined annually by the Senior Deputy Vice Chancellor.

Applications are competitive and must be made on the designated application form. Relevant documentation to determine eligibility and merit must be provided.

Applications are assessed against the following eligibility and selection criteria.

An order of merit list is prepared by the Scholarships Office, and where applicable, on the recommendation of the Academic Group. The Senior Deputy Vice Chancellor approves the award of scholarships.

# 5. CONDITIONS

## 5.1 Offer Process

- Successful scholarship applicants are officially notified in writing of the outcome of their applications as soon as practicable after the release of Year 12 results.
- The award of an Academic Excellence Scholarship is conditional on the recipient taking up the offer of a place at Griffith University, unless approval to defer both the tertiary place and the scholarship has been granted.
- Applicants wishing to defer their scholarship must submit their Acceptance Form indicating they defer the offer of a Scholarship and a place in the Griffith Honours College until the following academic year.
- Recipients, at the time of accepting an offer of an Academic Excellence Scholarship, must accept the conditions of the scholarship and agree to provide any information relevant to assessing their ongoing eligibility for a scholarship.
- The award of an Academic Excellence Scholarship does not guarantee a place at Griffith University. Scholarship recipients compete for a place through the usual QTAC offer round process and QTAC/UAC makes offers to academically qualified and eligible students on behalf of the University.
- Griffith University reserves the right not to offer all the scholarships available and to set a maximum limit on scholarships available for any one program or in any one academic group.
- Griffith University aims to award scholarships to students across a broad range of high schools and study programs.
- The University makes its own judgement about what constitutes the most meritorious cases.
- Successful Griffith Academic Prize for improvement recipients will be notified in writing.

## 5.2 Payments to Students

Payments are made directly to students via electronic funds transfer to the bank account nominated by the recipient.

### 5.2.1 Deans' Sir Samuel Griffith Scholarship and the Sir Samuel Griffith Scholarship

- Payments are made, each six weeks after the Census Date in each trimester subject to the student maintaining ongoing eligibility requirements.

### 5.2.2 Griffith Academic Prize for Improvement

- A single payment of the entire amount will be made within six weeks after the Census Date in the recipient's allocated trimester.

### 5.3 Full-time study requirements

- The University considers exceptional circumstances such as disability or serious medical condition, significant carer responsibilities and the unique circumstances of Indigenous Australian students in determining inability to study full-time.
- The University reviews the eligibility status of recipients whose study load falls below 75% of a standard trimester full-time load (40CP), and may determine the recipient is ineligible to retain their Scholarship unless they provide evidence that there are exceptional circumstances that prevent them studying on a full-time basis.
- Recipients who undertake a component of their studies while on overseas exchange studies, or with another university through an approved cross-institutional arrangement, are not precluded from accessing the scholarship if this study counts towards the requirements of the program in which the recipient is enrolled.

### 5.4 Academic Progress

- The University confirms a recipient's ongoing eligibility for a Deans' Sir Samuel Griffith Scholarship or a Sir Samuel Griffith Scholarship prior to payment in the relevant trimester.
- To remain eligible for a Deans' Sir Samuel Griffith Scholarship or a Sir Samuel Griffith Scholarship a recipient must maintain a cumulative career Grade Point Average (GPA) of 5.5. A recipient who does not achieve this GPA must agree to the terms and conditions of a 'learning contract' for a period of one (1) trimester. At the expiration of the one (1) trimester 'learning contract', should a student not achieve a cumulative career GPA of 5.5 or higher, the scholarship is terminated. A scholarship recipient may request a review of a decision to terminate their scholarship, if they feel they have exceptional circumstances. Refer [Section 6](#).

The Griffith Honours College is responsible for setting the terms and conditions of the learning contract and its ongoing administration.

### 5.5 Deferral and Suspension of an Academic Scholarship

- The University only grants deferment of a Deans' Sir Samuel Griffith Scholarship or a Sir Samuel Griffith Scholarship for one year.
- Successful applicants may apply to defer their scholarship where prior approval has been granted to defer their place in a Griffith University undergraduate program.
- Applicants who do not take up their university place in the year following an approved deferment of study, shall have their scholarship offer withdrawn.

Once study has commenced, approval to suspend a Deans' Sir Samuel Griffith Scholarship or a Sir Samuel Griffith Scholarship is granted for a maximum period of one year.

### 5.6 Termination of an Academic Excellence Scholarship

The University terminates a Deans' Sir Samuel Griffith Scholarship or a Sir Samuel Griffith Scholarship on the following grounds:

- the recipient has committed serious misconduct including, but not limited to, the provision of false or misleading information in their application form; or
- the recipient ceases to meet the eligibility requirements specified in these terms and conditions other than during a period in which the scholarship has been suspended; or
- the full value of the scholarship has been paid; or
- the recipient has completed the requirements of their Bachelor degree; or
- the recipient does not resume study at the conclusion of an approved period of leave; or
- the recipient voluntarily discontinues from Griffith University and undertakes Griffith courses through Open Universities Australia; or
- the recipient voluntarily discontinues or is cancelled from Griffith University; or

- the recipient fails to maintain satisfactory academic progress as set out in these terms and conditions.

### **5.7 Promotional Requirements**

A scholarship recipient agrees to allow Griffith University to acknowledge the financial assistance being provided to them for the purpose of promotional activities. The Senior Deputy Vice Chancellor may choose to waive this requirement in certain circumstances.

---

## **6. REVIEW AND APPEALS**

The decision by the University made in respect of an application for a scholarship is final and is not reviewable under the University's *Student Review and Appeals Policy*.

A scholarship recipient whose scholarship is terminated for not complying with one or more conditions set out in [Section 5](#) and whose scholarship benefits are not continued may request a review of the decision.

A request for a review of a decision to terminate the scholarship should specify the grounds in writing using the *Review of a Decision Form*, attaching copies of all documents relevant to the decision and lodging their request for a review of the decision with the Scholarships Office within 10 working days of notification of the decision for forwarding to the Registrar. The Registrar reviews the decision and provides the applicant with the reason for the decision. If an error has been made it will be corrected at the first available opportunity. As specified in the *Student Review and Appeals Policy*, the Registrar's decision is final.
